Tryout To Enter A Prestigious World Math Competition and Free Summer Camp Training:

If your child enjoys solving math problems, he/she is invited to try out for the **USA-Silicon Valley teams** that will compete in an **International Math Contest in Bulgaria in June 30 - July 5, 2013**. It is a unique opportunity for Grades 3-8 students to have an academic and a cultural experience with children from around the world. Having participated in International Math Competitions for the past 8 years, the **USA-Silicon Valley teams** have won dozens of honorable awards and received plenty of press coverage. At last year's TAIMC 2012 held in Taiwan, the teams won **two 2nd runner-ups in team awards** and **8 individual awards**.

The competition is composed of two divisions:

- 1) Upper Primary Division (students must **be grade 6 or lower and born after August 1, 1999**)
- 2) Lower Secondary Division (students must **be grade 8 or lower and born after August 1996**)

Student who scores in the top10% in the **2) IMC tryout will be invited to go through a 12-week intensive training** offered by **MathEdge**. Another test will be administered to determine the final students representing the USA teams to compete in Bulgaria. **For these students, all expenses (except airfare) for room & board, and local tours for five days will be covered.**

Qualify for Summer Camp Training in Guangzhou, China Conducted by IMAS

International Mathematics Assessments for Schools (IMAS) is a world-class mathematics assessment test organized by IMAS Executive Council and coordinated by **MathEdge**. It offers 2 rounds of contests, followed by a summer camp.

The assessment test is composed of three divisions:

- 1) Lower Primary (Grade 3 -4), 2) Upper Primary (Grade 5-6), and 3) Lower Secondary (Grade 8 or lower).

Students who performed well in both rounds of IMAS contests will be offered a free **Summer Camp held in Guangzhou, China in July, 2013**. This is a good opportunity for the participants to promote friendships with students from different countries and learn mathematics from world-class instructors. **Free training, meals, and accommodation (except airfare) will be provided for the invited participants.**

Awards:

From the Round 1 tryout results, the top 3 students in each grade will receive a trophy. In addition here would be the IMAS awards:

From the **Round 1** results, the students will receive a **personal report and certificates** according to their percentile ranking: High Distinction (above 95 percentile), Distinction (above 85 and below 95 percentile), Credit (above 50 and below 85 percentile) and Participation (below 50 percentile).

From the **Round 2** results, the top 30% percentile participants will receive **medals** according to their percentile ranking: Gold (top 5% percentile), Silver (6% to 15% percentile) and Bronze (16% to 30% percentile).

***MathEdge will not be held liable for the invitation cancellation under any circumstances.**
